ASSEMBLY PASSES THE EQUAL FRANCHISE BILL SUFFRAGETTES NOW STORMING THE SENATE

(By Hans Durlf)
(Special Correspondence)
CARSON, Jan. 24.—Score one for the suffragettes. The equal franchise amendment to the constitution, that was passed by the last legislature, came up in the assembly today and was passed with but three dissenting votes. Those voting against the amendment were Davis of Humboldt, socialist; Friedhoff of Washoe, democrat; and Kinghorn of Mineral, republican. The measure now goes to the senate and if it passes that body it will be submitted to the people of the state at the next general election for ratification.

Prominent suffragettes from Reno joined the Carson contingent and were on the scene lobbying for their pet measure. The attention that has been paid to the members of the assembly for the past two days caused many of the solons of the lower house to spruce up a bit, but this afternoon the assembly law makers were a desecrated bunch for the fair lobbyists are now flirting with the senators in a manner that would cause jealousy in the best regulated family.

Ascher for Retrenchment
Senator Ascher of Washoe today presented a bill in the upper house that is calculated to save about \$20,000 every two years for the state. He proposes to apportion but one senator to every county, and adjust the membership of the assembly on practically the same basis. Several of the counties will have one assemblyman, others two, and the remaining not more than four. Each legislator will receive a salary of \$16.65 per day, but will not be allowed to draw more than \$1000 for the legislative term.

Practically the same bill was presented in the assembly two years ago by Schmidt of Nye, but was defeated through the efforts of the Washoe and White Pine delegations. The apportionment as recommended by Ascher follows:

	Sen.	Rep.
Churchill county	1	2
Clark and Lincoln counties combined	1	2
Douglas, Ormsby and Storey combined	1	3
Elko	1	2
Esmeralda	1	2
Eureka and Lander combined	1	2
Humboldt	1	2
Lyon and Mineral combined	1	2
Nye	1	2
Washoe	1	4
White Pine	1	2
Total	11	24

President Ross of the senate today announced the committees of that body, which are as follows:

Election—Senators Chapin, Carpenter, Kendall.
Printing—Senators Scanlan, Dolf, Tannahill.
Corporations—Senators Jones, Heffernan, Bell.
Ways and Means—Senators Bell, Miller, Kendall, Balzar, Fulmer.

Hummel of Storey presented a bill repealing the act creating district deputy school superintendents. Should this measure pass the duties of the deputies will revert to the district attorneys. A like bill was introduced two years ago but was smothered to death by the committee on education.

COURT DECLARED TO BE DERELICT IN RESOLUTION

HEFFERNAN'S MEASURE PROVIDES INVESTIGATION OF STATE BANK AFFAIRS

The joint and concurrent resolution relative to the receivership of the State Bank and Trust company, introduced by Senator Will F. Heffernan of Esmeralda, follows:

Whereas: The State Bank and Trust company went into the hands of a receiver over five years ago, and Whereas: The judge of the district court of the first judicial district, the Hon. F. P. Langan, appointed Frank L. Wildes said receiver, and

Whereas: It is alleged that Wildes is drawing a salary of \$10,000 a year for such services, and has drawn and expended \$40,000 of said depositors' money on a salary basis of \$10,000 a year, and

Whereas: No order of court has ever been made authorizing or warranting said salary, and that said court has not as yet fixed any salary for said receiver, though it is known through said receiver's report that he asks \$10,000 a year, and

Whereas: It manifestly appears to us that \$10,000 a year is grossly unjust and an exorbitant salary and works a great injustice on the depositors to whom this money should be paid in dividends, and is an extravagant misuse of their funds, and Whereas: It appears to us that said court should immediately act and fix some reasonable salary as compensation for the services of said receiver, and that said court has been derelict in not having long since fixed such salary and compensation.

Therefore be it resolved, That said district court be called upon to take immediate action in said matter, and that a committee of five from the senate and three from the assembly be appointed to investigate the subject matter embodied in this resolution and report why said district judge has failed and neglected to fix the compensation and salary of said receiver herein complained of to the end that we may be advised as to what further action may be necessary to protect the depositors from the further extravagant use and waste of their said money; and to the end that the affairs of said institution be administered in a more speedy and economical manner.

Calendars in For Year 1914

Calendars of every form and variety for the year 1914 are being handled by the Bonanza. The samples arrived a short time ago and a representative of this paper has canvassed many of the leading business houses and procured orders. This affords an excellent chance for those who are preaching "patronize home industry" to practice their belief. The samples are beautiful and the prices are considerably cheaper than those asked by the traveling representatives of outside houses. Phone to the Bonanza and ask for our representative to call should you desire to place your order for next year calendars.

SIX TONS OF BULLION IS RECORD FROM THE BELMONT

Bullion to the extent of 182,410 ounces will be the record of the Belmont for this month when the second shipment will have been consigned to the Selby smelter tomorrow. The hanner shipment for several months was made on the 18th of this month when 67 bars, weighing 115,174 ounces was sent out. This weight is the equivalent to three tons 1859 1/2 pounds and had an estimated gross value of \$90,000. It was the second largest shipment made by the Belmont, the record shipment having been sent out during last September, and weighed 118,118 ounces. FIVE LITTLE "PAPAS" TOLD TO HIT TRAIL

THREE TAKE ADVICE AND TWO WILL FACE VAGRANCY CHARGE IN COURT

Five members of the fraternity who live off the earnings of the women of the restricted district were invited last evening to depart from this city by Chief of Police Evans. The undesirable were invited to hit the trail without delay and three of the number promptly accepted the invitation. Two, who had failed to depart, were placed in the city lock-up and this afternoon will be afforded an opportunity to put up a defense to a vagrancy charge when their cases come up in the justice court.

Chief Evans is determined to rid the town of this class of inhabitants and will wage warfare against the undesirables. The white slave law will probably be resorted to, should those who have been warned to leave town return and continue their relations with the women of the underworld.

Pleas of guilty were entered in the justice court this afternoon by the two that failed to disappear, and Judge Dunsen sentenced the pair to serve 90 days in the county jail. The execution of the sentence was suspended for 48 hours and the prisoners were given to understand that if they failed to disappear during that period they would be forced to serve three months in the county bastille.

Keith and Kearns are heavily interested in the Halifax company, in addition to other holdings and have been keeping close watch on the developments of the company. They visited Tonopah during the early part of last August, but at that time were unable to spend but a few hours here and the trip of inspection to the Halifax consumed but a few minutes.

On this occasion the visitors have planned for a trip through the underground workings of the mine and if time permits a visit will be made to several other mines.

It is probable that the second story of the building will be used for lodge purposes. The Eagles have appointed a committee to confer with the owners and see as to the arrangements necessary to use the floor as a lodge room and a report will be made at the next regular meeting.
